F. SPECIAL EVENTS IN PIONEER PARK AND ENGSTROM OPEN SPACE

Open Space Conservancy Trust owns Pioneer Park and Engstrom Open Space for the purpose of preserving and protecting them as natural ecosystems. Special events in Pioneer Park and Engstrom Open Space may cause long-term or cumulative damage to the ecosystem when heavy trail use or off-trail use occurs, either as part of the event or incidental to the event. The goal of this policy is to prevent damage to the ecological resources contained within these properties.

At the same time, the Trust seeks to encourage the use of its properties by the citizens of Mercer Island. The City of Mercer Island Parks and Recreation Department acts on behalf of the Trust. The purpose of this policy is to provide policy direction to the Parks and Recreation Department when special events in Trust properties are being proposed. This policy provides Parks and Recreation staff guidance to allow the public reasonable access to the Trust properties for special events while regulating special event activities to prevent damage. This policy is supplemental to the Parks and Recreation Special Events Policy for events that occur in Pioneer Park and Engstrom Open Space only. Please note that the off-trail use of Pioneer Park is prohibited except for approved educational, scientific or forest health activities.

The following are criteria that are used to determine what conditions or restrictions may be placed on special events in Pioneer Park and Engstrom Open Space.

1. If any of the following are expected, then the event requires a Special Event application, review, and permit:
 - a. The group size is more than 50 people
 - b. The event is timed or competitive
 - c. The event involves trail use other than walking
 - d. The group will occupy a fixed portion of the park for more than 10 minutes
 - e. The group will block any trail or inhibit the safe passage of park users
 - f. Off trail use (limited to educational and scientific work)
2. Special Event applications that are located in Pioneer Park and/or Engstrom Open Space may be subject to the following reviews:

- a. Review by the Parks Operations Manager, Natural Resources Project Manager, or designee.
 - b. Supplemental information, including maps and details showing environmental protection measures the applicant is proposing. Examples of such submittals can be provided by Parks and Recreation staff.
 - c. A presentation to the Open Space Conservancy Trust at one of its regular bimonthly meetings.
3. The City of Mercer Island Parks and Recreation Department reserves the right to deny a special event application if it determines that an event will negatively impact Pioneer Park and/or Engstrom Open Space. This includes poor performance or unpaid damage claims on previous special events. The applicant may request that the Open Space Conservancy Trust review the determination of Parks and Recreation staff.
4. Special events may be subject to the following conditions:
 - a. Temporary environmental protection features, such as fencing, plywood, ground covering, erosion control fabric, etc.
 - b. Site monitors at areas expected to be impacted to prevent off-trail use. The applicant may propose to provide site monitors, but Parks and Recreation reserve the right to require its own staff or paid independent staff to provide monitoring. Parks and Recreation staff cost \$55-75/hour with a 3-hour minimum.
 - c. Damage deposit proportional to the size of the group and the duration of activity, as follows:

Event Length	Number of participants			
	50-99	100-149	150-199	200-249
1 hour	\$500	\$1,000	\$1,500	\$2,000
2 hours	\$600	\$1,200	\$1,800	\$2,400
3 hours	\$700	\$1,400	\$2,100	\$2,800
4 hours	\$800	\$1,600	\$2,400	\$3,200

Any numbers or times in excess of what is listed will be calculated proportionally. the fee schedule may be adjusted to keep pace with inflation and cost increases.

- d. Any damage that occurs that is not covered by the damage deposit will be charged to the event organizer.
 - e. Restoration plan – a schematic repair plan for anticipated impacts, including trail damage, vegetation damage, soil erosion and soil compaction.
5. Areas of concern:
 - a. **The ravine in the northeast quadrant.** This terrain is steep and erodible. The trails are single track for the most part. Passing is difficult without going off-trail. Going off trail is likely to cause erosion and plant damage.

Large and competitive events are expected to have high impact. Monitoring is typically required for events in this area.

- b. **The southeast quadrant.** These trails are shared by horseback riders. Passing equestrians is difficult without going off trail. Coordination with the Saddle Club is required.
- c. **Secondary trails, all quadrants.** Secondary trails are single track trails for the most part. Passing is difficult without going off-trail. Some trails are poorly drained, and users tend to walk on the edges, which causes widening. Best used in the dry season for large group events. Monitoring may be required.
- d. **Picnic area across from shopping center.** This is a popular entry point to the park and can get consistent traffic from park users throughout the course of an event. Timed or competitive events may need monitoring and/or signage to alert park users to the event. Blocking access to this area is not permitted.

9. TAXES

A. BUSINESS & OCCUPATION (B&O) TAX

([MICC Chapter 4.10](#))

Returns are due annually each April 15 following the tax year. Per RCW 35.21.710 the rate is not to exceed two-tenths of one percent (.2%) on the gross income of persons doing business within the city. **The current City rate is one-tenth of one percent (.1%); on gross revenue generated on Mercer Island exceeding \$150,000.00 (the gross revenue threshold is \$37,500.00 for quarterly filers); a minimum payment of \$20.00 is required if the net taxable revenue is greater than zero.**

B. UTILITY TAXES

([MICC Chapter 4.12](#))

Utility taxes are levied on the gross operating revenues earned by private utilities from operations within the City of Mercer Island boundaries or on the City's own utilities (water, sewer, and stormwater). Private utilities that the City taxes include electric, natural gas, solid waste, telephone, and cable television.

State law limits the rate of utility tax on telephone, cellular telephone, pager services, and natural gas to 6% unless voters approve a higher rate. Cable TV must not be taxed at a rate substantially different than other utilities. There are no restrictions on the tax rate for water, sewer, stormwater, or solid waste. Utility taxes are levied on the gross operating revenues of the utility provider.

Utility Tax Rate on Gross Revenue (Effective January 1, 2020)	
Cable	7%
Telephone	6%
Cellular Phone	6%
Natural Gas	6%
Electric	6%
Solid Waste	7%
Stormwater	5.3%
Water	5.3%
Sewer	5.3%

- b. Low Income. "Low Income" shall mean a person who shows satisfactory proof that he or she is living in a single family residence and has a maximum annual income of not more than seventy percent (70%) of the Washington State median income as applicable for the number of individuals in the household as computed annually by the State or City. B. SEWER SERVICES

(Resolution No. 1668, Effective January 1, 2025)

The following classifications of users are hereby adopted by the City for the City sewer system effective January 1, 2025, and thereafter.

- b. Low Income. "Low Income" shall mean a person who shows satisfactory proof that he or she is living in a single-family residence and has a maximum annual income of not more than seventy percent (70%) of the Washington State median income as applicable for the number of individuals in the household as computed annually by the State or City. Applicants shall provide such data as to verify eligibility, upon forms provided by and in the manner determined by the City of Mercer Island.
- c. Multi-Family. "Multi-Family" shall mean a residential structure or facility designed and/or used to house two or more families living independently of each other, including but not limited to, duplexes, triplexes, apartment buildings and condominiums, but shall not include hotels and motels.

- e. Public. "Public" shall mean structures and facilities used by governmental entities including the state, county, City of Mercer Island, and other municipal corporations of the state and public schools of the Mercer Island School District.

2. SEWERAGE DISPOSAL SERVICES RATES

The bi-monthly rates and charges for sewerage disposal services are set forth below:

Single Family Bimonthly Sewer Rates				
Class	King County Fixed Charge	City Sewer Line Maintenance		
	King County Sewage Treatment	Fixed Charges		Volume Charge
		Billing Cost	Base Charge (for first 600 cf of AVERAGE Winter Water Use)	Per 100 cf of AVERAGE Winter Water Use beyond first 600 cf
Single Family Residential	\$116.56	\$11.67	\$59.82	\$9.97
Low-Income Residential	\$116.56	\$11.67	\$14.98	\$2.49

Average winter water usage is based on the most current 4 months of winter water usage data available in the billing system. Calculation of the winter water average is based on usage as shown on the January and March bills or February and April bills depending on the billing/reading cycle. Calculation of sewer charges using the winter average is in effect for the following 12 months, until the next winter's water consumption data is available.

In the case of single family property, where there is no method of accurately calculating the average winter water usage because no water was used during the winter months, or any part thereof, or because the property is not connected to the sanitary sewer system, or for any other reason approved by the Deputy Finance Director or the Finance Director, the sewer volume charge herein will be the Island-wide bi-monthly average winter water use.

Newly constructed single family properties shall be charged a sewer volume charge based on the per unit Island-wide average water usage for single family properties. Newly constructed multi-family and commercial properties shall be charged a sewer volume charge based on their actual water usage.

The King County rate for multi-family and commercial is derived by dividing King County's monthly rate (\$58.28) by King County's residential customer equivalency usage value of 750 cubic feet. The bi-monthly rates and charges for multi-family and commercial sewerage disposal services are set forth below:

Multi-Family and Commercial Bimonthly Sewer Rates			
	King County	City Sewer Line Maintenance	
Class	Sewage Treatment (Per 100 cf of ACTUAL Water Use)	Billing Cost	Volume Charge Per 100 cf of ACTUAL Water Use
Multi-Family Residential	\$7.77	\$11.67	\$9.97
Commercial / Public	\$7.77	\$11.67	\$9.97

3. SEWER CONNECTION CHARGES

All connection charges shall be due and payable at the time the connection service is requested and shall be delinquent if unpaid at the time the connection service is actually made. In the event of delinquency, the connection charges shall be double the amount set forth above.
