SUMMARY

BACKGROUND

National Parks and Recreation Month was originally celebrated in the month of June through the National Parks and Recreation Association (NRPA). In July of 1985, the NRPA wanted to better engage and accommodate children with differing school schedules; with the support and endorsement of then Vice-President George H.W. Bush and NFL Hall of Fame running back Walter Payton, NRPA formally recognized the month of July as National Parks and Recreation Month.

In 2009 with bipartisan support, the U.S. House of Representatives passed H.Res.288 designating July as National Parks and Recreation Month while acknowledging the societal value of parks and recreation and honoring the vital contributions of employees and volunteers within parks and recreation.

MERCER ISLAND PARKS & RECREATION

"The Mercer Island Parks and Recreation Department takes pride in providing the highest quality facilities and services in partnership with the community to enhance livability on Mercer Island."

The mission of the Mercer Island Parks & Recreation Department demonstrates the value and significance the Mercer Island community feels toward a high quality of life. The Mercer Island Parks & Recreation Department boasts over 35 parks and open space areas occupying more than 400 acres, trails in excess of 50 miles, and a state-of-the-art Community & Event Center. Mercer Island Parks & Recreation programs, and facilities welcome patrons from around the Puget Sound region, further contributing to the diversity and appeal of Mercer Island.

This July, Mercer Island Parks & Recreation will host a variety of ways to celebrate and engage in Parks and Recreation Month. Many residents will attend cultural events supported by the Mercer Island Arts Council such as "Mostly Music in the Park" and "Shakespeare in the Park." Island youth will take part in more than 40 different summer camp programs, including: Camp Mercer, Mini Mercer, arts, sports, aquatics, and will also participate in activities at the award winning Adventure Playground. Lifeguards will be on staff at Luther Burbank Beach, walking trails and parks will play host to individuals and families alike enjoying outdoor spaces, and the Mercer Island Community & Event Center will host numerous Islander weddings and celebrations.

In its 28th year, Mercer Island's *Summer Celebration!* (July 14 & 15) hosted by the Parks & Recreation Department will feature an "*Island Vibes*" theme. This two day community-wide festival will include: a beach luau, fireworks, live music, arts & crafts, parade, boat rides, kids splash zone, sand sculptures, car show, food vendors, and much more. This annual gathering has become a "must do" for Mercer Island residents and neighbors to engage with their community.

This proclamation establishes the month of July 2018 as Parks & Recreation Month in the City of Mercer Island and encourages Island residents to take part and to utilize the various programs, parks, open space, and events offered through the Mercer Island Parks & Recreation Department.

AB 5401 2019-2024 Capital Improvement Program (CIP) Budget Kick-Off

Finance Director Chip Corder and Deputy Finance Director Francie Lake reviewed the following items:

- CIP calendar
- CIP project organization by six-year plan, project category, and project status
- CIP 101 (looking at 2017-2022 planned revenues and expenditures for the Street Fund, Capital Improvement Fund, Technology & Equipment Fund, Water Fund, Sewer Fund, and Storm Water Fund)
- CIP revenue forecast (REET, motor vehicle fuel tax, vehicle license fee, impact fees, and utility rates).
- Significant issues: CIP-related budget policies, Technology & Equipment Fund balance, Water & sewer utility capital needs, and unfunded projects (Maintenance Center renovation/expansion, Thrift Shop remodel/expansion, and other capital projects)

Staff recommended that \$2.37M REET surplus from 2017 and any future REET surpluses be dedicated to the Maintenance Center Renovation/Expansion project, accumulating 50-60% of the total cost and issue bonds to pay for the balance of the project cost in 2019, increasing utility rates to fund the debt service. The Council agreed.

Staff recommended that if a capital levy lid lift is placed on the November 2018 ballot the Thrift Shop Remodel/Expansion project and the other identified capital projects should be included. The Council agrees if the Community Advisory Group recommends a capital levy lid lift.

SUMMARY

BACKGROUND

In November 2001, Washington State voters passed Initiative No. 747. This limited cities' ability to increase their levies by more than one percent without voter approval. Even though this ballot measure was found to be unconstitutional, the State Legislature met in a special session and reinstated the one percent limitation. Interestingly, Mercer Island voters did not support initiative No. 747 and 55% voted no.

AMOUNT BUDGETED

APPROPRIATION REQUIRED

There is an exception to this state law, referred to as a "levy lid lift," which allows cities to ask the voters in their community if they would like to "lift the lid" on this 1% property tax limit.

Tonight's presentation is a continuation of the City's financial challenges discussion and the City Manager's recommendation for addressing Council Goal 2 – Maintain Quality of Life and Essential Services and Infrastructure by Addressing the City's Financial Challenges.

The City began educating the community about the City's financial challenges starting a year ago in June 2017. The City utilized a diverse range of communications and engagement efforts which are described in AB 5422 (May 15, 2018) and AB 5440 (June 5, 2018).

The Council continued to be briefed and updated at the January 2018 Planning Session, and again, at the June 2018 Mini-Planning Session. In addition, Councilmembers attended many of the Community Advisory Group meetings regularly as observers.

The City develops and maintains a six-year financial forecast that estimates resources and expenditures. This forecast and future-oriented lens provides the City's decision-makers with insight into whether the current mix and level of resources are likely to continue to be sufficient to cover the cost of maintaining current service levels. The City's current General Fund and Youth & Family Services Fund financial forecasts project budget gaps, where costs to maintain existing services will exceed revenue resources with a cumulative estimated total of \$7.89 million over the coming six-year period 2019-2024.

The recently completed community survey notes that residents have high levels of satisfaction with their quality of life in the City. Listed below are a few examples:

- 95% of residents are very satisfied/satisfied with Mercer Island as a place to live,
- 95% of residents are very satisfied/satisfied with their overall feeling of safety,
- 94% of residents are very satisfied/satisfied with Mercer Island as a place to raise children (66% stating they are very satisfied), and
- 92% of residents are very satisfied/satisfied with the overall quality of life in the City.

Residents are not the only ones who believe that Mercer Island is a great place to live. In January of this year, *Money* magazine named Mercer Island the best place to live in Washington State. Money noted the following reasons for this distinction:

Just over five miles long and two miles wide, the Mercer Island community is known for its affluent residential areas, preserved parks and nature, and miles of scenic shoreline. Located between Seattle and Bellevue on the southern portion of Lake Washington—and connected to the mainland on either side by floating bridges carrying Interstate 90—the island has a commercial hub and popular gathering spot in its town center, where islanders can enjoy events like the Mercer Island Farmers Market or Summer Celebration.

Maintaining Mercer Island's exceptional quality of life is a priority for the Council and staff who serve this community; however, sustaining this continues to be a challenge when faced with a significant financial structural imbalance.

CITY MANAGER'S RECOMMENDATION

Since 2014, staff has projected operating deficits beginning in 2017 driven by annual revenue growth not keeping up with inflation. As a result, staff has communicated that there is a need for a levy lid lift to maintain existing levels of service. Otherwise, service level cuts will be required.

Since the national, regional, and local economy are currently in a "boom" period, it would appear counterintuitive that the City would need additional resources. As a residential community, the City's most significant resource is property taxes, accounting for 41% of the General Fund budget. With property values increasing 10-12% on average, it would seem logical that the City's property tax collection would see substantial growth. However, in Washington State, a city's property tax levy is not tied to property value changes. Rather, the current year's levy amount is capped by state law at a 1% increase of the prior year's levy amount, plus an allowance for "new construction." So, as property values increase, the City's levy rate correspondingly decreases to ensure that the levy amount collected in the current year does not exceed 1% of the prior year's levy.

Since the adoption of I-747, the Seattle-Tacoma-Bremerton Consumer Price Index-W (CPI-W) rate has been as follows:

2001	2002	2003	2004	2005	2006	2007	2008	2009	2010	2011	2012	2013	2014	2015	2016	2017
3.6%	1.8%	1.5%	1.6%	3.0%	3.7%	3.8%	4.5%	0.4%	0.8%	3.2%	2.5%	1.2%	1.9%	0.9%	2.3%	3.3%

¹ Klebnikov, Sergei and Renzulli, Kerri Anne. "Best Places to Live in the U.S." *Money*, Jan. 2018: http://time.com/money/5108196/best-places-to-live-every-state-us/

Additionally, as the economy grows costs rise. For example, the City held the open space vegetation management contracts budget constant at 2010 dollars; however, when seeking bids for the 2017 contract, bids came in over budget. When faced with escalating costs and less funds, the City is forced to scale back its level of service.

Another example of increasing costs is with Washington's minimum wage, which is currently \$11.50 per hour and is expected to grow to \$12 in 2019 and to \$13.50 in 2020 (Seattle's current minimum wage is \$15). Starting in 2021, minimum wage increases will be tied to the rate of inflation (CPI-W). Increases in minimum wage typically result in higher wages for all entry level jobs, and eventually push all wages higher in the region.

Boom-bust cycles last for varying lengths of time and vary in severity. It is hard to predict when a bust period or an economic downturn will come. Nevertheless, a recession in the coming six-year period is likely given the history of economic recessions. Accordingly, staff believes it would be prudent to be financially prepared for an eventual economic downturn, as well as a potential natural catastrophe or other one-time extraordinary expenditures (e.g., I-90 tolling, Sound Transit litigation, e-coli water emergency, etc.).

To continue to meet the high expectations of the Mercer Island community, sustain the Island's quality of life, remain fiscally responsible, reduce the potential need for borrowing or service reductions during economic downturns, and manage unforeseen, extraordinary financial demands, the City Manager recommends the following:

• 6-Year Levy Lid Lift

The City Manager recommends that the Council ask voters to consider a 6-year levy lid lift by placing a ballot measure on the November 2018 General Election to lift the City property tax levy lid and to reset the current property tax rate of \$1.00 per \$1,000 of assessed valuation to \$1.22 per \$1,000 of assessed valuation in 2019. Additionally, the measure would set the annual maximum increase for property tax levies for 2020 through 2024 at the Seattle Consumer Price Index (CPI-W) and would use the 2024 levy as the base for future year levies. It is worth noting that the City's maximum statutory levy rate is \$3.46. The current levy rate is 29% of the maximum statutory limit. The recommendation is an 8.5% increase bringing the levy rate to 35% of the maximum statutory limit.

Provided below are two 6-Year Levy Lid Lift options for Council's consideration. Figures are based on forecasts done in June 2018.

Option 1: 6 Levy Lid Lift (Actual Annual Funding Need + Inflation @3%)

Funding Need	2019	2020	2021	2022	2023	2024	6-Year Annual Avg
General Fund deficit	\$376,088	\$1,379,106	\$2,677,263	\$3,351,553	\$4,206,575	\$5,101,826	\$2,848,735

\$ Increase Over Prior Year	\$585,641	\$1,051,698	\$1,333,215	\$696,701	\$897,282	\$943,088	\$917,938
Levy lid lift rate per \$1,000 AV	\$0.044	\$0.123	\$0.223	\$0.276	\$0.343	\$0.414	\$0.237
Annual cost (\$1.20M AV home)	\$53	\$148	\$269	\$332	\$414	\$499	\$286

Option 2: 6 Year Levy Lid Lift (Smoothed Annual Funding Need + Inflation @3%)

Funding Need	2019	2020	2021	2022	2023	2024	6-Year Annual Avg
General Fund deficit	\$2,643,000	\$2,722,290	\$2,803,959	\$2,888,077	\$2,974,720	\$3,063,961	\$2,849,335
YFS Fund deficit	285,000	293,550	302,357	311,427	320,770	330,393	307,249
Total Funding Need	\$2,928,000	\$3,015,840	\$3,106,315	\$3,199,505	\$3,295,490	\$3,394,354	\$3,156,584
\$ Increase Over Prior Year	\$2,928,000	\$87,840	\$90,475	\$93,189	\$95,985	\$98,865	\$565,726
Levy lid lift rate per \$1,000 AV	\$0.220	\$0.227	\$0.234	\$0.241	\$0.248	\$0.255	\$0.237
Annual cost (\$1.20M AV home)	\$265	\$273	\$281	\$290	\$299	\$308	\$286

• Additional Revenue Enhancements

Unfortunately, the 6-year levy lid lift still does not bridge the gap fully. Therefore, the City Manager recommends adopting additional revenue enhancements including: 1) increasing the Business & Occupancy (B&O) tax from 0.10% to 0.15%; 2) maintaining the utility tax rate at 8.0%; 3) consolidating the Beautification Fund into the General Fund; and 4) eliminating the 1.7% water utility tax transfer to the Water Fund (these were reviewed at the Council's June 5 Mini-Planning Session). Moreover, the City Manager recommends continuing to conduct regular fee studies and to develop and adopt a master fee schedule. While there is considerable property levy rate capacity, spreading the tax burden among a mix of taxpayers provides a balanced approach.

Organizational Effectiveness Review

The City must continue to strive to be judicious stewards of limited tax dollars, efficient in delivering services, and constantly looking at cost saving/control measures. The City Manager recommends the implementation of an organizational effectiveness review, which would include detailed review and evaluation of City programs and services, including examining staffing and service delivery models as well as costs and value. It is a best practice to continually review and set priorities, discontinue outdated/under-performing programs, and rely more on technology to achieve efficiencies and boost productivity. Examples of services to be evaluated are development services, fire and emergency medical response, community-based counseling services, and municipal court services.

Due to limited bandwidth and the need for outside objective expertise, the recommendation is to contract with outside consultants and analysts to assist with implementing the review. The City Manager will return to Council during the 2019-2020 Biennium Budget process to discuss the costs and resources involved in this recommendation.

Comprehensive Financial Management Policies

While the City has good general policies in place, this recommendation is designed to create a work plan item devoted to having thorough and thoughtful discussions with the Council regarding formal financial management policies and their implications. The Government Finance Officers Association (GFOA) states that financial policies are central to a strategic, long-term approach to financial management and highlights the following reasons for adopting formal, written comprehensive financial management policies:

1. Institutionalize good financial management practices. Formal policies usually outlive their creators, and, thus, promote stability and continuity. They also prevent the need to re-invent responses to recurring issues.

- 2. Clarify and crystallize strategic intent for financial management. Financial policies define a shared understanding of how the organization will develop its financial practices and manage its resources to provide the best value to the community.
- 3. Define boundaries. Financial policies define limits on the actions staff may take. The policy framework provides the boundaries within which staff can innovate in order to realize the organization's strategic intent.
- 4. Support good bond ratings and thereby reduce the cost of borrowing.
- 5. Promote long-term and strategic thinking. The strategic intent articulated by many financial policies necessarily demands a long-term perspective from the organization.
- 6. Manage risks to financial condition. A key component of governance accountability is not to incur excessive risk in the pursuit of public goals. Financial policies identify important risks to financial condition.
- 7. Comply with established public management best practices. The Government Finance Officers Association (GFOA), through its officially adopted Best Practices endorsement of National Advisory Council on State and Local Budgeting (NACSLB) budget practices and the GFOA Distinguished Budget Presentation Award Program, has recognized financial policies as an essential part of public financial management.

Balanced Budget with Level of Service (LOS) Reductions

The City Council is required to adopt a balanced budget. Without additional revenues, the City Manager recommends level of service reductions. Moreover, it would be her priority to provide quality service programs; and therefore, service elimination is preferable to poor or marginal quality programs. Staff would engage the Council and community regarding the proposed LOS reductions and program eliminations as well as the potential implications and impacts. Initial changes to LOS may include the following:

- Reduce parks maintenance, which would impact mowing, irrigation, trash collection, restroom maintenance, etc.
- Eliminate or reduce financial support to Mary Wayte Pool, Sister City Association, Mountains to Sounds Greenway, ARCH, and the Mercer Island Chamber of Commerce.
- Eliminate lifequards at beaches.
- Eliminate Summer Celebration and other special events (e.g., Tree Lighting & Firehouse Munch, Spring Egg Hunt, Parents Night Out, Community Camp out, Movies in the Park, Leap for Green)
- Eliminate any subsidy tied to logistical support for City and regional special events (e.g., Seafair, Rotary Half Marathon, Farmer's Market)
- Reduce the Senior Social Program (care is currently provided three days per week)
- Reduce operating hours at the Mercer Island Community and Event Center
- Reduce right-of-way trail and tree maintenance, median and roadside vegetation maintenance
- Eliminate/reduce Town Center beautification (e.g., hanging baskets, planted medians, etc.)
- Reduce elementary school counselors, clinical supervisor support, and geriatric specialist services, youth development coordinator, high school drug/alcohol intervention specialist
- Reduce investigations/detective services and patrol services
- Reduce support staff commensurate with other reductions (e.g., IT, Finance, City Manager)

Property Tax Exemptions

Property tax exemptions or deferrals are available to seniors (60 or older) or disabled persons with primary residence in Washington. Households earning a combined income of \$45,000 or less may qualify for a deferral based on the level of equity in the home. More details are available at the following link: https://dor.wa.gov/find-taxes-rates/property-tax/property-tax-exemptions-and-deferrals. Additional

information on tax relief programs and how to access them is also available at the following link: https://www.kingcounty.gov/depts/assessor/TaxpayerAssistance/TaxRelief.aspx.

Resource/Fiscal Impact

Staff estimates election costs associated with placing a levy lid lift measure on the General Election ballot in November to be between \$35,000 and \$55,000 for election expenses and voters' pamphlet expenses, depending on how many jurisdictions in King County have ballot measures or candidates on the ballot.

Recently, the King County Council appropriated funds to King County Elections for prepaid postage for all ballots, which may help to improve voter participation. Maple Valley and Shoreline were test cities for the February 2017 special election and according to King County, voter turnout increased in comparison to previous special elections by three (3) percent in Maple Valley and 10 percent in Shoreline.

Ballot Measure and Voter Pamphlet Requirements

If the City Council decides to place a levy lid lift on the November 2018 ballot, a ballot measure's title and voter pamphlet are required to adhere to the following requirements:

Ballot Title

The ballot title for the levy lid lift consists of three elements:

- 1. An identification of the enacting legislative body and a statement of the subject matter;
- 2. A concise description of the measure; and
- 3. A question.

The ballot title must conform to these requirements and be displayed substantially as provided under state law (RCW 29A.72.050), except that the concise description must not exceed 75 words. The ballot title must also be approved by the City Attorney.

Any person who is dissatisfied with the ballot title may, at any time within 10 days from the time of the filing of the ballot title with King County Elections, appeal to King County Superior Court.

Voters' Pamphlet

For the primary and general election, King County publishes a voters' pamphlet. The City must provide an explanatory statement of the ballot title for the voter's pamphlet. The statement describes the effect of the measure if it is passed into law and cannot intentionally be an argument likely to create prejudice either for or against the measure. The explanatory statement is limited to 250 words, must be signed by the City Attorney, and submitted to King County elections by August 7, 2018.

The City is also responsible for appointing committees to prepare statements in favor of and in opposition to the ballot measure. There is a limit for three members per committee. The committee appointments must be filed with King County Elections by August 10, 2018. If the Council directs the City Manager to move forward on a levy lid lift, staff will need to advertise to recruit committee members of the "Pro and Con" committees and schedule appointments for the July 17 Council meeting.

The statements in favor of or in opposition to the ballot measure must be submitted by the Pro and Con committees to King County Elections no later than August 14, 2018. These statements are limited to 200 words. Rebuttal statements by each of the respective committees must be submitted to the County no later than August 16, 2018. Rebuttal statements are limited to 75 words.

NEXT STEPS

The last time the Council sought voter approval for a levy lid lift was in 2012 for a new fire station (FS 92) and fire apparatus. If the majority of Council directs the City Manager to move forward with the recommendation. The staff would prepare an ordinance for first reading at the July 10, 2018 special meeting. In addition, state law requires the City to conduct a public hearing, which would need to be scheduled for that same meeting. The second reading and adoption of the ordinance would occur on July 17, 2018 in order to meet the August 7, 2018 filing deadline.

SUMMARY

BACKGROUND

The Community Advisory Board (CAB), formerly the Youth, Senior and Family Services Advisory Board, was established in 1973 when the Youth and Family Services Department (YFS) was created. The four main functions of the CAB have been to:

- 1. Make recommendations on major programs and policy questions as they occur;
- 2. Review annual budgetary recommendations as prepared by the YFS Director;
- 3. Represent youth, seniors and families; and
- 4. Participate in fundraising events as they deem appropriate.

Over the past 10-15 years, the purpose of the CAB has shifted and diminished. Prior to 2002, the CAB assisted YFS in community outreach, fundraising, and service development. The CAB members acted as the 'eyes and ears' of the community. As the profession of social welfare and human services became increasingly evidenced based, organizations such as YFS and communities relied less on anecdotes and public experience and more on community/youth data along with more formal needs assessments. This type of information allows for a fuller picture of community risks and needs and determines the selection of appropriate prevention and intervention tools.

In addition, the CAB was heavily involved in fundraising for YFS before the MIYFS Foundation was started. As the Foundation gained momentum, CAB members had a much smaller role in community fundraising.

As a result of this shift, the CAB has been less instrumental to the work of YFS, and thus, at the June 9 City Council Mini-Planning Session, staff recommended sunsetting the CAB immediately. The Council agreed with staff's recommendation and directed staff to prepare an ordinance to repeal the code chapter pertaining to the CAB (see Exhibit 1).

FUTURE ENGAGEMENT

At the last CAB meeting of this year in May, the CAB discussed the shifting needs of the YFS Department and the role of the CAB members. The discussion generated several suggestions for alternate forms of civic engagement. Over the next year, the YFS Department will pilot a listening-focus group as an avenue to explore an option to provide relevant feedback and inform the department on perceived community needs. This will help YFS better assess the type of group or board needed to ensure timely community input to YFS programs and endeavors.
