2023 CITY COUNCIL VOTING LOG

7/10/2025

Date	Meeting Type	AB #	Description/AB Title	Motion	Pass/Fail	Anderl	Jacobson	Nice	Reynolds	Rosenbaum	Weiker	Weinberg
				Amend the main motion as follows: Re-word page 2, paragraph 2 to read as follows: “If the legislature stands by the affordable housing goals created in 2021, all housing legislation must comply with the affordable housing target mandates prescribed by HB 1220, up to and including allowing cities to require that any up zoning of single-family zones shall include affordable housing.”	Fail	N	N	N	Y	N	NP	Y
				Amend the main motion as follows: Re-word this 2nd sentence to read as follows: “HB 1110’s potential to double the island’s population without first funding the modernization of its aging infrastructure, such as the elimination of asbestos-concrete pipes and the replacement of the lake line, creates significant risks to life and safety. We’ve already seen in Bellevue the impacts of keeping asbestos-concrete piping in the ground beyond its life expectancy. A rupture in the lake line due to overdevelopment could create much more far-reaching life safety, health, environmental, and quality-of-life issues for all cities bordering Lake Washington.”	Fail	N	N	N	Y	N	N	Y
				Amend the main motion as follows: Re-word page 2, paragraph 6 to read as follows: “Other utility infrastructure impacts may result from this legislation, including water utility infrastructure issues, water storage capacity issues, and our ability to maintain enough water pressure to put out a house fire.”	Fail	N	N	N	Y	N	N	Y
				Amend the main motion as follows: Re-word page 2 paragraph 7 to read as follows: “Under HB 1110, Mercer Island will be required to plan to provide infrastructure for all residential lots (more than 7,000), which will require multiple studies, modeling, and significant work for staff who already have a multi-year backlog of work including many state-mandated policy reviews and code changes.”	Fail	N	N	N	Y	N	N	Y
				Amend the main motion as follows: Re-word page 3 paragraph 5 to read as follows: “Rushing HB 1110 into implementation without ensuring its compliance with the affordable housing requirements of HB 1220 disregards the long-held collaborative planning framework set forth by the GMA while creating yet another unexpected multi-year planning exercise for Washington cities.”	Fail	N	N	N	Y	N	N	Y
				Amend the main motion as follows: Expand the first word of the letter from “We” to “We, the unanimous City Council of Mercer Island and include the signatures of all 7 council members – or all the council members who vote in favor of the letter as a whole – at the bottom of the letter. 		6040	Consider 2024 Comprehensive Plan Periodic Review Scope of Work, Master Schedule, and Public Participation Plan and related Port of Seattle Economic Development Grant Funding for 2022-23	Approve Resolution No. 1621, adopting the scope of work, master schedule and public participation plan including the establishment of the Economic Development Work Group and the Housing Work Group for the 2024 periodic review of the Mercer Island Comprehensive Plan as amended by adding Item 1 to the scope (Exhibit A) and Items 24, 25, and 26 to the public participation plan (Exhibit B) and Item 27 to the charters (Exhibit C) from AB 6040, Exhibit 2 as follows:	Pass	Y	Y	Y	Y	Y	Y	Y
				1. Adding the creation of a parks zone to the scope of work (Exhibit A):								
				a. Add a Land Use Element task to Table 2 for the creation of new goal and policies to create a parks zone in the Comprehensive Plan, and								
				b. Create new development code regulations for a parks zone in Title 19 Mercer Island City Code (MICC).								
				Adding the following to the public participation plan (Exhibit B):								
				24. p. 2, stakeholder bulleted list, line 42: Above "the general public", insert "homeowners" and "renters". These groups will require different outreach strategies than the general public and are critical to distinguish.								
				25. p. 3, Goal 1 Tasks, line 19: Add:								
				1.4 Invite multi-family housing property managers to share meeting notices regarding the plan, particularly the housing and economic development elements of the plan.								
				26. p. 4, Goal 3 Tasks, line 20: Between existing tasks 3.2 and 3.3 insert the following and renumber the remaining tasks:								
				3.2 The Housing Work Group will partner with multi-family property managers to host a Renters Forum to share findings of the HNA and directly listen to the needs and hear ideas from the rental community.								
				27. Clarifying the language in Section 6.1 for Housing and Economic Development Work Group Charters (Exhibit C) by adding “, ex parte contact, or other conflict with the appearance of fairness...” after “If an actual or perceived conflict of interest...”								
		6040	Consider 2024 Comprehensive Plan Periodic Review Scope of Work, Master Schedule, and Public Participation Plan and related Port of Seattle Economic Development Grant Funding for 2022-23	Direct the City Manager to ensure the legislative process for 2024 periodic review of the Mercer Island Comprehensive Plan captures the following items AB 6040, Exhibit 2:	Pass	Y	Y	Y	Y	Y	Y	Y
				5. Town Center and (New) Economic Development Element: The Town Center Goals and Policies update for proposed code changes aimed at preserving and promoting commercial businesses should be integrated with the new economic development element. These subjects are closely related and should be addressed together, along with parking.								
				6. Housing Element								
				a. Establish an ability to create additional dispersed density without undermining quality of neighborhoods. While this will not create housing for homeless or low-income people, it will increase the overall inventory of housing, and likely create some more “affordable” (by MI standards) housing.								
				b. Ensure MI is permanently committed to providing true support to ARCH for off island development of low-income housing – taking on our fair share of the responsibility.								
				c. The existing Comp Plan pays lip service to providing a range of housing options but has no specific policies or code provisions that promote housing that would actually help accommodate older and/or disabled citizens. I recommend that the City more clearly articulate that it is the City’s policy to make it easier to develop and build housing that would accommodate older and/or disabled citizens, and that the City evaluate its Code to identify roadblocks to such development and create options that remove those roadblocks. For example, lot coverage/impervious surface limits on smaller lots make it harder to design and construct 1 story homes suitable for disabled or persons over 65 who seek to age in place.								
				7. Transportation Element: Consider inverting the priorities so that the more vulnerable are prioritized over convenience for automobiles.								
				a. Promote significant improvements for active transportation: bicycle infrastructure, sidewalks, and other pedestrian amenities.								
				b. Consider reducing speed limits on the Mercers by 5mph to make inevitable collisions between automobiles and pedestrians or bikes less deadly.								
				8. Update the Introduction to the Plan and the Introductions to the Land Use, Housing, and Transportation Elements.								
				10. Add appropriate headings to the Land Use Policies, Natural Environment (Goal 18) and Parks and Open Space Policies (Goals 19 and 20) in the Land Use Element. Reconcile Goal 20 with PROS.								
				11. Change the heading for Goals 26 through 29 in Land Use Policies from STAR to Climate Change.								
				12. Delete the last paragraph in Climate Change in the Introduction to the Land Use Element.								
				13. Delete Goal 26 in the Land Use Element.								
				15. Add the heading “Historical Preservation” to Goal 25 in the Land Use Policies.								

Please note: Not all agenda items are included on this log. Agenda items without a motion, Proclamations, Minutes, Payables, Payroll, and Other Business have been excluded.
