REASONABLE USE EXCEPTION

SUBMITTAL REQUIREMENTS

A Reasonable Use Exception is a land use approval that allows exceptions to the standards in MICC 19.07 – Environment if application of those environmental regulations would deny all reasonable use of a property. The Reasonable Use Exception is decided by the City’s Hearing Examiner following a public hearing.

PRE-APPLICATION MEETING

A pre-application meeting is used to determine whether a land use project is ready for review, to review the land use application process, and to provide an opportunity for initial feedback on a proposed application. Some land use applications require a pre-application – in particular: short and long subdivisions, lot line revisions, shoreline permits, variances, and critical area determinations. The City strongly recommends that all land use applications use the pre-application process to allow for feedback by City staff.

For more information on the Pre-Application Meeting process, refer to the Pre-Application Meeting Request Form.

SUBMITTAL REQUIREMENTS

In addition to the items listed below, the code official may require the submission of any documentation reasonably necessary for review and approval of the land use application. An applicant for a land use approval and/or development proposal shall demonstrate that the proposed development complies with the applicable regulations and decision criteria.

1. Completed pre-application.
2. Development Application Sheet. Application form must be fully filled out and signed.
3. Project Narrative. The project narrative should describe the proposed development, including any anticipated future phases, and briefly describe how the project complies with applicable criteria.
4. Title Report. Less than 30 days old.
6. Critical Areas Study(s). Critical areas studies prepared by a qualified professional.
8. SEPA Checklist. A SEPA checklist is required, unless the project is categorically exempt. Please consult with a planner if you are unsure if the project is exempt.
