A water main shutdown will affect your residence on Tuesday, April 5, 2022, from 9:00 a.m. to 4:00 p.m.

This shutdown is necessary for our contractor to abandon two fire hydrants and one water service line.

Partial lane closure in the areas is expected. Traffic control will be provided by the contractor.

You may notice some discolored water when the water service resumes after the shutdown. This should disappear after running the faucet or an outside hose bib for several minutes.

CIP Project Manager, George Fletcher (206) 640-5379 or email at: george.fletcher@mercerisland.gov
