A water main shutdown will affect your residence on Tuesday, August 2, 2022, from 9:00 a.m. to 4:00 p.m.

This shutdown is necessary to Install 8" Ductile Iron upgraded water main and reconnect to existing 6" cast iron water main.

Partial lane closure in the areas is expected. Traffic control will be provided by the contractor.

You may notice some discolored water when the water service resumes after the shutdown. This should disappear after running the faucet or an outside hose bib for several minutes.
