Sunset Hwy & 77th Ave SE Intersection Improvements

The City of Mercer Island is beginning construction of the Sunset Hwy & 77th Ave SE Intersection Improvements, which will impact vehicle and pedestrian traffic over the coming months.

Project Description: Raised concrete intersection with flashing crosswalk signs at the north and south crosswalks. Pavement ramps will bring vehicles up to sidewalk level, signaling that they are entering a pedestrian zone. Improved crosswalks will provide pedestrians with more visibility and separation from oncoming traffic. The new intersection will create a “gateway” from the East Link station and I-90 ramps into the Mercer Island Town Center.

Benefits:

- ✓ Reduced vehicle speeds
- ✓ Pedestrian safety
- ✓ Bicycle facilities
- ✓ ADA Ramps
