NOTICE

Date: SEE FRONT OF THIS NOTICE
Time: 8 AM—4 PM (45-60 MIN EACH PROPERTY)
Location: VARIOUS SHORELINE PROPERTIES

Field survey crews will access the existing utility easement area on the lakeside portion of your property in order to:

- Locate the sewer lakeline and side sewer connections
- Document docks (including outline and adjacent lakebed depths)
- Document shoreline features from the shoreline to approximately 10–20 feet upland
- Locate sewer cleanouts that connect directly to the lakeline
- Survey lakeside building corners
- Install a permanent 2-inch brass survey marker on the side of resident docks

Residents do not need to be home for this work.

This effort is part of the City's Lakeline Reach 1 Capacity Improvements Project.

If you have questions regarding this survey or the project, please visit the project page or contact the project representative listed on this notice.

Thank you.
